PROFESSIONAL SUMMARY

Front-End Developer who builds responsive, interactive websites with HTML, CSS, JavaScript, React, and Tailwind CSS. Delivered client projects including a photographer's portfolio and an interactive learning website for a German-language instructor. Business Information Systems graduate and tech content creator with 5,000+ followers on LinkedIn. Open to freelance and remote projects.

TECHNICAL SKILLS

Design: Figma, UI/UX Design, Wireframing

Front-End Development: HTML5, CSS3, JavaScript (ES6+), React.js

Styling & Animation: Tailwind CSS, GSAP, Responsive Web Design, Flexbox, Grid

Tools & Practices: Git, GitHub, VS Code, ES6 Modules

Content: Technical content creation and storytelling

EXPERIENCE

Freelance Front-End Developer

- Design websites in Figma and build them as responsive, interactive front-end projects for clients.
- Delivered a portfolio website for a photographer and an interactive quiz website for a German-language instructor (see Projects).

Front-End Development Intern | Codveda Technologies

- Built a responsive landing page with HTML, CSS, and JavaScript.
- Integrated REST APIs to display dynamic data, and styled interfaces with a CSS framework.
- Developed an animated project using GSAP.

FEATURED PROJECTS

Deutsch Quiz Studio (Client Project)

Live Demo | GitHub

Key Tech: HTML, JavaScript, DOM Manipulation, Tailwind CSS

- Built an interactive quiz website for German language learning where wrong-answer buttons dodge the cursor, using real-time cursor distance calculations.
- Added hint triggers, score tracking, and a celebration animation on quiz completion.

Photographer & Editor Portfolio (Client Project)

Live Demo | GitHub

Key Tech: JavaScript, Comparison Slider, UI/UX Strategy

- Built a visual portfolio with Before & After image sliders that show photo-editing transformations.
- Added category filtering, curated hero shots, hover metadata tooltips, and booking calls-to-action.

El-Bashawat Restaurant Web App

Live Demo | GitHub

Key Tech: ES6 Modules, HTML5 , Tailwind CSS

- Structured the app into ES6 modulesthat separate data management, DOM rendering, and cart logic.
- Built multi-category menu filtering without page reloads, a shopping cart, and video previews using native HTML5 Dialog.
